Application:

Surface to be coated must be clean of all dirt, oils, free of any loose material, smooth and dry. Sandpaper lightly to permit proper adhesion. Apply two coats to new wood, plywood, composition board, plaster or other porous surfaces. It is recommended that it be allowed to dry overnight before applying the second coat. Apply at no lower than 50 degrees F.

The product may be applied by brush, spray or roller. If thinning is required, obtain the necessary consistency with mineral spirits or paint thinner. Stir contents thoroughly.

Keep away from heat, sparks and flame. To avoid breathing vapors or spray mist, open windows and doors or use other means of ventilation during application and drying. For any additional information read the product MSDS. To avoid spontaneous combustion during storage, close the container after each use and any soiled rags utilized for wiping or clean up should be placed in a water-filled closed metal container.

Use only with adequate ventilation. **KEEP OUT OF REACH OF CHILDREN.**
